This camp is the challenge camp on steroids! We will be continuing the patrol camping but this time the activities will be very different. We have an initiative course with over 20 different activities to complete, bush camp site, large camp fire circle and pitch black, great for night games.

Patrols will be required to purchase their own food with a budget and cook and prepare their own meals. Points will be awarded based on the patrols performance. This camp is an excellent opportunity to practice those camping skills and to get your badge work completed.

The travel time to Riddles Creek (just past New Gisbourne) is approximately 1 hour and 30 minutes. We would highly recommend that parents carpool as only a limited number of car spaces will be available to transport kids and they will go fast!

We **must** know if you wish to attend by the due date so patrols can plan their menus. No late applications will be accepted. Please contact Matthew Enger – matt@3descouts.org.au or 0406 532 792
